CHALLENGER

POLICE raises the bar on audacious design with this revolutionary multifunction watch. This timepiece throws out the rulebook with a fresh new look.

POLICE's signature use of screws is well-known, but here, the typical angular case is distinguished by the extended details screwed around the dial, creating an illusion of a square face seamlessly integrated to the body. The rebellious design boasts brilliantly remarkable functionality. The dial is off-the-charts stunning with its transparency and honeycomb elements, offering a captivating glimpse into the inner workings of this timepiece.
