

25 SPEED SETTINGS
Increase or decrease the speed accurately, according to your comfort

BOOST++ MODE
One button press for full speed and maximum airflow

FORWARD ROTATION
The fan starts rotating in forward direction for powerful airflow

BEEP SOUND
The beep confirms that the remote control has registered the button press

POLYCARB

SLEEP MODE
An energy saving mode where the fan reduces speed every one hour, and continues working at its lowest speed

MULTI-FAN PAIRING
Control multiple fans simultaneously

BREEZE MODE
Experience the feeling of natural breeze simulated by the fan alternating between low to high speed rapidly, mimicking the outdoors

REVERSE ROTATION
The fan starts rotating in reverse direction to circulate air gently without a blast
